The realities of inequality are as prevalent today as they were over thirty years ago (Lopez 1569). Consequences of continued inequality between racial/ethnic minorities are likely to be of enormous social and economic concern as the proportion of the country's majority white population is changing from 87% in 1950 to a projected 53% by 2050 [Life at The Intersectionality of Race, Class, & Gender ...](#)

Sociology often talks about race, class, gender, and many other social attributes as though they are a single stand alone issue. However, our day-to-day lives are much more complex than that.

Race, Class, and Gender - Department of

Race, Class, and Gender. Faculty in the area of race, class and gender are generally concerned with understanding social inequality as experienced by members of multiple social groups, and/or their intersection, at the individual, group and structural level.

Intersectionality - Wikipedia

Intersectionality postulates that various forms of social stratification, such as class, race, sexual orientation, age, religion, creed, disability and gender, do not exist separately from each other but are interwoven together. While the theory began as an exploration of the oppression of women of color within society, today the analysis is potentially applied to all social categories (including social identities usually seen as dominant when considered independently).

Race, Class, & Gender | SAGE Publications Inc

Published in cooperation with Sociologists for Women in Society How do race, class, and gender interrelate? How does the interlocking of race, class, and gender form patterns of social relations and develop into hierarchical orders?
