[List of socialist states - Wikipedia](#)

The following is a list of self-declared Socialist states that is to say, past and present states that have declared themselves Socialist or in the process of building socialism. Self-identification is the only criterion used by the list, therefore the list includes all countries that have claimed to be Socialist, even if their claims are disputed.

[What is a socialist state? - Quora](#)

Some governments may claim to be socialist but are in effect administering some form of capitalism, either reformism or state controlled command economy, type systems, or as is often the case nowadays, some mixture of both. The existence of a state implies the existence of a ruling class in whose collective interests the state serves.

[Socialist state - Wikipedia](#)

A socialist state is to be distinguished from a multi-party liberal democracy governed by a self-described socialist party, where the state is not constitutionally bound to the construction of socialism.
